

Community Focus Group #2

Breakout Session #1

Which of the concept options best addresses the district's needs?

Elementary #1 option

The elementary has significant needs – either option is workable for our group.

Option #1 with changes. Move 5th grade to MS/HS?

Option #1.

Keep what we have and renovate.

Hwy 44 barrier.

High level secure doors at all entry.

Focus on common space.

Option #2

Safe for MS/HS.

Loss of a baseball diamond at elementary.

We are an agriculture community – we need to support that area as well as the trades such as tech ed/auto/etc.

Which option does Elem staff prefer?

With the significant cost to address the elementary, what is your advice to address MS / HS needs?

There are safety concerns that surely need to be addressed!

Office security top priority.

Ag addition needs to happen.

Do both projects at once.

Explain to public how cost can increase, look at 2017 to 2023.

Do it all at the same time!

Updating the inside of the MS portion of the building.

The MS gym(area) has a smell and definitely is dated.

Important to streamline the “new” look into the middle school.

Are there items and/or topics that you need more information?

3 elevators? – very expensive and maintenance

Better HVAC?

Do we want to have the referendum on a presidential election?

Why add more locker rooms to the High School?

Good auditorium space.

Before survey goes out have an open house / facility tour for more people to understand the needs.

Middle/High School needs no significant updates at this time.

What option accommodates the staff? We want to support their needs.

Improving our school facilities can only improve our community overall. The school is utilized for so many events for all sorts of things.
